FAQS

#1 PRIVATE LABEL COSMETICS MANUFACTURING TO GROW YOUR BUSINESS.

Our team is made up of cosmetic geniuses who are devoted to bringing you only the most effective private label beauty products. That starts at the formulation level.

No matter what formulation you're looking for, our team has more than 10 years of private label experience, ensuring that every detail is matched accurately with what you're searching for. Our in-house lab is ready to provide your newly-imagined formula at an affordable price.

TRANSPARENCY BADGES

We are committed to providing our customers with the highest-quality products and the best possible shopping experience. By adding transparency indicators to your product labels, you can build even stronger relationships with your customers based on trust and mutual understanding.

We believe that transparency is a key part of building a better and more sustainable future for all of us, and we are proud to be taking this step to ensure that our customers have the information they need to make informed decisions about the products they will buy from you.

OUR PROCESS

1

Choose Your Product and Quantity

Choose from our 250 private label formulas. Whether you choose to create your own recipe or use one of our formulas, we are here to assist you every step of the way. Our MOQ for every product is 100-500 units.

2

Connect with Us

Once you have selected a product or you have your own recipe ready, contact us at (888) 660-MORE (6673) for immediate inquiries. You may also [book](#) a call, or send us an email at info@morenaturals.com for us to get to know your brand more!

3

Try a Sample

You have two options when it comes to trying a product sample - you can try our pre-made full-sized sample OR try a sample of your customised product.

4

Packaging and Label

We have a selection of in-house packaging available or you can supply your own packaging for us to fill. We also offer label design and printing as part of our private label service.

5

Best of Both Worlds: A Millennial's Skincare Journey Turned into Profitable Business

Meet Denise, a startup business owner who is passionate about skincare. She has struggled with acne and dry skin herself and wants to create a facial cream that addresses these concerns. Denise's target market is female millennials who also struggle with acne and dry skin.

After researching various options, Denise found More Naturals. She chose our ready-formulated **Night Peptides Face Cream** that has the following key ingredients:

JOJOBA OIL

Forms a protective barrier on the skin's surface, which helps to prevent moisture loss and protects the skin.

LAVENDER ESSENTIAL OIL

Helps reduce redness, inflammation, and promote a sense of relaxation.

ALOE VERA

known for its hydrating and moisturizing properties, and helps to soothe irritated skin.

SHEA BUTTER

Contains natural fatty acids and vitamins that help to moisturize and protect the skin.

Denise was so happy with how seamless the process was. She didn't have to start from scratch and saw how convenient it was to get More Naturals' private label service. She also availed their packaging and label design.

After using the face cream herself in a few weeks, and started selling it in a few months, Denise's customers reported positive feedback. They appreciated that the cream was made with natural ingredients and did not cause irritation. Overall, Denise was thrilled with the success of her moisturizing cream. Not only did she resolve her skin problem, she also helped others with the same concern and earned a profit! Best of both worlds indeed! Denise is excited to continue growing her business with More Naturals.
